PROFESSIONAL SUMMARY

React / Next.js Front-End Developer with one year of hands-on learning and real project experience building responsive, modern, and user-friendly web interfaces. Skilled in React.js, Next.js App Router, JavaScript, Tailwind CSS, REST API integration, Axios, and TanStack React Query. Experienced in e-commerce websites, educational platforms, business landing pages, component-based architecture, responsive layouts, and Arabic RTL interfaces.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript ES6+

Frontend: React.js, Next.js App Router, Tailwind CSS, Bootstrap, Responsive Design, RTL Layouts

API & Data: REST API Integration, Axios, TanStack React Query, React Context API, LocalStorage, FormData

Tools & Libraries: Git, GitHub, VS Code, npm, Vercel, Framer Motion, Lucide React Icons, Font Awesome

Currently Learning: TypeScript, Redux

EXPERIENCE

Freelance Front-End Developer | 2025 - Present

- Developed responsive websites and web applications using HTML, CSS, JavaScript, React.js, Next.js, and Tailwind CSS.
- Built modern user interfaces for real client projects, including an educational platform and a tourism company website.
- Integrated frontend applications with backend REST APIs using Axios and organized reusable components for maintainable code.
- Worked on Arabic RTL interfaces, authentication pages, dynamic routes, and user-focused responsive layouts.

PROJECTS

Ahmed Megaly Educational Platform | Front-End Developer

Live: <https://ahmedmegaly.sck.guru/>

Technologies: Next.js, React.js, JavaScript, Tailwind CSS, React Query, Axios, Context API, Framer Motion, Google Login

- Built responsive Arabic RTL interfaces for courses, lessons, revisions, exams, authentication, store, cart, and checkout.
- Integrated backend APIs and handled dynamic educational content using Axios, React Query, and React Context API.
- Implemented protected video lesson pages and student flows including sequential unlocking, exams, scoring, and revision tracking.

NextShop E-Commerce Web Application

Live: <https://next-shop-kappa-wine.vercel.app/> | GitHub: <https://github.com/petersalah1/nextShop>

Technologies: Next.js, React.js, JavaScript, Tailwind CSS, React Query, Axios, Context API, LocalStorage

- Built responsive e-commerce pages for home, products, product details, categories, brands, and dynamic product listing pages.
- Integrated products, categories, and brands APIs using Axios and React Query with reusable services and custom hooks.
- Implemented pagination, sorting, discount display, rating display, image gallery, and guest cart with LocalStorage.

Nivirra Tourism Website

Live: <https://petersalah1.github.io/Nivirra/index.html>

Technologies: HTML, CSS, JavaScript

- Built a responsive tourism website with sections for trips, tailor-made tours, offers, traveler feedback, and map.
- Created an interactive tour customization flow for travel type, destination, date, and contact details using Vanilla JavaScript.
- Focused on clean layout, visual presentation, smooth user experience, and mobile-friendly design.

EDUCATION

Higher Technological Institute in Beni Suef

Bachelor's Degree in Computer Science / Programming - Expected Graduation: 2027

LANGUAGES

Arabic: Native | English: Good
